Highlights

2 inputs/1output
Connect two digital source components to one TV and manually switch between them.

1080p transmission
1080p transmission allows you to enjoy HDTV the way it was designed. The transmission is achieved by not compressing or compromising the signal in any way, allowing a 100% accurate image.

No signal loss
High quality construction and digital signal transfer ensure the absence of signal degradation, so you enjoy the best quality picture and sound.

Digital A/V on one cable
Conveniently eliminate cable clutter and enjoy uncompromised signal quality.

Full metal housing
Protects the interior of the unit and extends durability.
